## RICH GOLD STRIKE MADE IN RAWHIDE

RAWHIDE, Nev., April 22.—At a depth of eighty feet in the Luning lease in Grutt hill this afternoon, a blind ledge was uncovered measuring two feet in width, eight inches of which was practically alive with free gold. In places the gold occurred in thin leaves, practically plastering the rock. It ran into the thousands and was believed to be the apex of an immense ledge which would widen out with depth and make the Luning one of the richest properties in the Rawhide district.

The find was made practically in the heart of the town. Business houses and gambling places are within sight of the place and the news of the find spread rapidly. In a short time the hillside was covered with excited mining men and others, all anxious to get a glimpse of the rich rock being hauled to the surface. It is by far one of the biggest strikes made in the camp.

The property was recently purchased by C. L. Hansen and associates of Cobalt, who arrived at Rawhide a few weeks ago for the purpose of making an examination and with instructions to invest if in his opinion the condition of the district warranted the belief that it was a mineral producer.

You miss the time of your life if you miss the amateurs at the Butler theater tonight.

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon—150 notices in book. For sale at the Bonanza office.

## HENRY WATTERSON PREDICTS BRYAN

NEW YORK, April 22.—Wm. J. Bryan arrived here today, after two days spent up the State in conferences with Democratic leaders and in making speeches. Bryan came to meet his wife and daughter and incidentally was closeted with a number of leading Democrats. One of these was Henry Watterson, who had just come to the city from Washington. Watterson said later that Bryan undoubtedly would be nominated at Denver and expressed the belief that the democracy had a good chance to elect him.

Bryan lectured in St. Simon's Episcopal church tonight. He took occasion to comment upon statements relative to his present income and said that they were greatly exaggerated. Most of his lectures, he said, were delivered without pay. He added that he had refused handsome offers from corporations to act as their counsel.

## OIL PROMOTER IS INDICTED

TOPEKA, Kan., April 22.—H. H. Tucker, Jr., formerly secretary of the Uncle Sam Oil Company and its promoter, has been indicted for using the mails to defraud in connection with the promotion of the oil company, secured the quashing of a second indictment today.

The demurrer asked that the indictment be quashed because it was too vague and indifferent. Judge Amidon of North Dakota, who was presiding in the Federal court, sustained the demurrer.

U. S. District Attorney H. J. Bone says he will ask the Federal Grand Jury to re-indict Tucker for a third time. The same bond of \$10,000, which Tucker gave last fall will remain in force.

The Other—Who is the weak old man?—Philadelphia Inquirer.

## SHOOTS AND KILLS HIS RIVAL IN LOVE

FRESNO, Cal., April 22.—Word reached here today that Joe Gilliam shot and killed Carl Paceo, his rival in love, at Glenville, Kern county, yesterday afternoon. Both had been paying attention to a young Glenville woman. It is stated that Paceo had made threats that if the other suitor did not cease paying attention to the girl he would kill him. Gilliam heard of this and armed himself. Sunday he went to see the girl as usual and was met by Paceo. Gilliam asserts that Paceo made a move for his gun. Gilliam drew a revolver and shot the other man.

## FINAL LINK OF HARRIMAN LINE

CHICAGO, April 21.—Edward H. Harriman, the railroad wizard, will realize his dream of an actual transcontinental line tomorrow with the formal opening of the Birmingham division of the Illinois Central system. This link gives him a route from the Pacific to the Atlantic, Savannah, Ga., being the Eastern terminus.

Connecting with Harriman's Central of Georgia at Birmingham, the Illinois Central will form a link over which traffic can be routed from coast to coast over lines controlled by Harriman, either by way of Chicago and Omaha and the Union Pacific, or by way of New Orleans and the Southern Pacific. By securing the Central of Georgia, Harriman has also obtained a steamship line running from Savannah, Ga., the terminus of that railroad, to New York.

The opening of the Birmingham division will give the Illinois Central an inlet to the great coal and iron fields of Alabama with their immense annual tonnage.

Certificates of location for sale at this office.

Five year old claret at \$1.50 per gallon. H. J. Hall & Co.
